About Me

Computer Science student at the University of Oceanic Affairs, passionate about software engineering and data analysis. Aiming to become a **front-end architect**.

Currently seeking a new opportunity to further specialize in **artificial intelligence and machine learning**.

I am **dedicated** and passion towards learning **new technologies**.

Educational Background

BTech in Information Technology   2018 - 2022

🏛 **Shri Guru Gobind Singhji Institute of Engineering and Technology**
🗺 **Nanded**

∗ Specialized in Software Engineering

High School   2017

🏛 **GK High School**   🗺 **Amravati**

∗ Specialized in Science and Mathematics

Professional Experience

All In Open Source Fellow   Tech

💼 **GitHub**   🗺 **USA**   **2023 (4 months)**

∗ Contributed to open source project, enhancing coding skills and teamwork

Research Intern   IT

💼 **SISTRM**   🗺 **Australia (Remote)**   **2022 (5 months)**

∗ Troubleshooted and analysed several websites, improving application running accuracy

Winter Intern   AI FELLOW

💼 **Microsoft**   🗺 **India**   **2021 (3 months)**

∗ Utilize technical documentation, improving problem-solving skills and cloud services.
